plained that the three contracts, as tabulated after opening at 10 a.m. Friday, will be possible today, by an "awards committee" which studies the bids and makes recommendations to the highway department director.

Depends on Weather
Highway officials have indicated that work on the project could get under way within two to three weeks after award of a contract is made, depending upon weather conditions.

The Nameoki road improvement project has been one of the most highly controversial projects undertaken in the Quad-City area. The project was initiated almost eight years ago, but has been delayed consistently, principally by the work involved in clearing the right-of-way for the job.

Disorderly Conduct Charges

Two men were arrested about 10 p.m. Friday at 25th street and Jorden avenue on charges of disorderly conduct. They were Walter Griffen, 22, of 2812 Harding Blvd., and Alvin Potts, 20, of 2229 Washington avenue. They were released upon posting \$25 bonds.

Union, Bi-State Still Deadlocked

Union members and officers of Amalgamated Transit Union, Local 788, were meeting in St. Louis this morning as a prelude to an anticipated negotiation meeting this afternoon with representatives of Bi-State Transit System.

The union membership turned down a second contract proposal Thursday by a vote of 84 against 610 in favor of the new pact. Details of that 2½-year offer were not disclosed but an earlier offer, which also was rejected by a membership vote, called for a 33-cent wage increase over five steps in a three-year period.

Transit company officials said this morning that no new proposal has yet been considered, but that further negotiations of the contract terms probably will be resumed this afternoon. No notice of a strike has been received, company officials said.

Williams Gets Petitions For Venice Board

Thomas Williams, 507 Jefferson avenue, Venice, has obtained petitions as a candidate for the Venice board of education. He is a barber.

There were no additional filings of petitions for each of the three districts where two seats are available. Michael E. Leathman, board president, and Fred Rumpf, incumbents, already have filed petitions for reelection to the Venice board. L. Monroe Worthen, board president, and Ronald Dillard, treasurer, have filed in Granite City, and William G. Schriber has filed in Madison. The filing deadline is March 19.

Establish Churches

The Mitchell brothers also were responsible for establishing the area's churches and, therefore, the beginning of an expanding social and community life.

One of their first acts after acquiring the land was the donation of tracts for construction of a Catholic and a Protestant church, and a public school. All three sites were within a block or so in area. All were on what is now known as Old Route 66.

The best available information today indicates that John and William Mitchell were Baptists, and that with their donation of land for the Protestant church,

they also contributed enough money to build a church, an arrangement under which the first Protestant church was Baptist in denomination.

The Catholic church site was about a block west of the Baptist church, and in its construction the Mitchell brothers also lent a helping hand. Catholics living within the Mitchell area contributed labor and material to build a brick church which was named St. Elizabeth's in honor of Elizabeth Harkelhal (Ebbel), who cooked and furnished food for the builders of the church, construction of which was begun in September 1871.

themselves, two-thirds of the drops they produced. This was considered a pretty fair transaction in those days, the supervisor remembers.

Rail Lines Arrive

Development as a railroad center began about the same time that the Mitchell brothers bought their land and "laying out" of the area for railroad lines was begun by the Chicago and Alton Railroad as early as 1870. The extent of participation by John and William Mitchell in the initial construction of the line is not known, but as development of the town progressed successfully, John Mitchell left the firm, moving to St. Louis where he eventually promoted construction of the Chicago and Alton line from Alton to East St. Louis.

He established the Mitchell railroad station and put John Lane in charge. The line implemented the transportation facilities of the Mitchell area and established the vicinity as a "natural" point for railroad transportation. In subsequent years, other lines were built through the area, including the Alton Railroad, Alton & Southern, Burlington, Chicago and Eastern Illinois, Wabash, the Big Four and the Illinois Terminal.

Shortly after the turn of the century, the Chicago and Eastern Illinois built the rail yards in the Mitchell area. The Chicago, Burlington and Quincy and the New York Central also used lines through the area.

More About Budgets for 4

is set up for contingencies.
The \$3,810 cut in the Granite City township budget for 1966-67 is shown in the general assistance fund where estimated expenditures for home relief and hospitalization are down.

Total of the tentative budget, which went on display today at the office of Clerk Homer (Cal) Pendleton in the city hall, is \$108,488, compared to \$220,368 for the 1965-66 fiscal year.

In addition to the town fund and the general assistance fund, the township this year has a separate fund for employees' retirement. Last fiscal year, the retirement was budgeted at \$380,000, and this year the figure is \$500,000.

The budget total for the town fund for the new year amounts to \$40,240, down \$20,000 from last year's \$60,240. The difference is made up with the removal of the \$250,000 municipal retirement.

A breakdown of the town fund budget and comparison with last year's figures follows, with the new figure listed first:
Compensation of town officers, \$15,450 and same; elections, \$270 and \$245; down \$25; assessor's office expense, \$15,320 and \$25,320; up \$10,000; own officers' expense, \$120 and same; auditing and legal expense, \$2750 and \$4000; down \$1250; contingencies, \$750 and \$500; up \$250; and own officers' bond, \$500 and same.

Assessor Funds Up
The \$100 increase in the assessor's office fund is due to an increase in the assessor's travel allowance, and added \$2000 for clerks and deputy assessors, a \$300 increase for the chief deputy assessor, and increases for office rent, telephone service and supplies.

The major cutback in the budget is for general assistance, which is to be reduced \$54,715 from the \$108,473 total last year to \$114,258 this year.

The reduction results from a \$33,537 drop in expenditures for hospitalization, which amounts to \$25,392 this year, compared to \$59,377 last year. Supervisor Hargrave explained his office caught up last year in paying old hospital and medical bills which amounted to \$21,227. The amount allocated for private hospital care also is being reduced from last year's \$40,000 to \$25,000 this year.

A comparison breakdown of the general assistance budget figures follows:
Home relief, \$64,566 and \$82,245; down \$17,679; hospitalization, \$25,392 and \$59,377; down \$33,985; institutional care, \$3000 and none; up \$3000; transient cases, \$1000; same; burial, \$1000; same; administration, \$20,100 and \$17,900; up \$2200; to provide salary increases for office employees and contingencies, \$500 and \$100; down \$400.

Nameoki Township
Nameoki township has the largest road fund of any township in the county, a total of \$68,712, because of a per cent which is maintained in addition to the regular annual road fund for the 1966-67 year. The regular annual road fund of \$45,477 which has been fixed at \$40,085 for the 1967-67 year. The regular road fund is the same as that of last year. Municipal retirement costs amount to \$1350 for the road fund, making the \$88,712 total.

Last year the Nameoki road fund was \$92,330, which included the \$40,085 regular fund, a \$46,422 permanent road fund and \$5723 in municipal retirement costs.

The new Nameoki township fund is \$46,470, an increase over last year's \$42,850, while the budgeted \$32,043 is identical to that of last year. With \$1043 added for municipal retirement costs, the overall Nameoki budget amounts to \$165,968. This is \$14,000 more than last year's \$151,968.

Escaped Shoplifter Gives Up; Deputy Hurt

A handcuffed shoplifter who escaped from a Madison county sheriff Friday night surrendered Sunday to O'Fallon police and was returned to Edwardsville where he faces three charges.

He is Billy Allen Frock, 21, an ex-convict who fled after striking Deputy Sheriff Walter Delaney, 71, of Collinsville, in the mouth with both fists and the handcuffs. Delaney required emergency treatment at St. Elizabeth Hospital.

Delaney had gone to Grandpa's store on Collinsville road at 9 p.m. to take custody of the suspect, and after handcuffing the man in the store office, was escorting him to the squad car when the assault took place.

The deputy said he had opened the car door for the man who turned suddenly and struck him. Delaney was treated for cuts and abrasions to his upper lip and chin and was released.

After the attack, the suspect ran across Highway 40, and the deputy fired two warning shots in the air.

Another patrol car was called, and the county used police dogs from the Landers canine corps in attempting to track the man. However, O'Fallon police notified deputies that Frock had left in an auto with two other persons. The car was spotted in very country, but Frock was not one of the occupants, and the search resumed.

Frock was charged with escaping, theft and battery and was held under \$500 cash bail for the other two charges. A felony charge may be filed for theft of the handcuffs. Sheriff Barney Fraundt said today.

Frock is now on parole from the Iowa state penitentiary where he served 28 months of a 10-year sentence for auto theft. He said he used a piece of metal found at a Caseyville lumber company to remove the handcuffs.

A reduction of \$1355 below last year's total of \$167,223.
Chouteau Increases
In Chouteau township, the 1966-67 budget for road construction measures call for \$88,830, including \$52,600 for the road fund, \$21,000 for the town fund and \$35,230 for the relief fund. Last year the total budget was \$88,185, or \$645 less than this year's budget. Practically all of the increase is in the road fund, which last year was \$43,700.

The new Chouteau road fund includes \$1050 for road construction and \$1000 for bridge construction, \$11,500 for maintenance, with the major item \$21,000 for the road fund. Administration cost is fixed at \$5550. The sum of \$1050 is included for new road machinery.

\$4000 for maintenance of machinery.
Town fund items totaling \$31,000 at Chouteau township include \$14,700 in town officers' salaries, \$750 for expenses, \$1250 for town officers' expense and \$1500 for general assistance items, aggregating \$25,250, include \$13,700 for home relief, \$6700 for hospitalization and \$3350 for administration.

Capacity Audience Expected At Park's Winter Carnival

In a scene reminiscent of pre-Olympic torchlight parade, more than 500 youngsters will participate in a grand march around Granite City high school gymnasium at 7:30 tomorrow evening. The march will herald the start of the six annual "Winter Carnival," which spotlights activities of the Granite City park district's winter recreational program.

More than 2000 tickets already have been distributed for the event, Park Supt. Harold Brown said today. He added that an additional 200 tickets are available at the park office. No admission is charged for the show, however, a ticket is needed.

A capacity audience is expected to view the two-hour entertainment, and among the spectators will be 35 teachers and outdoor education students from Southern Illinois University, Carbondale. The group, accompanied by Dr. William H. Ridinger, will arrive early tomorrow and participate in three educational seminars arranged by the university official and Brown.

An added highlight to the winter carnival will be the presentation of trophies to championship basketball teams in the park district-sponsored high school league and class "A" league. Teams to receive awards are the Rockets and Holland Asphalt in the high school division and Peck's Confectionery, Class "A" champions.

Brown said the remaining basketball trophies will be awarded at the "Sport's Night" banquet in November. Tomorrow evening was selected for the initial presentation, he explained, due to many of the high-school-age youths expecting to be away in college by November.

To open the festivities, Warren L. Simpkins, high school vocal music instructor, will sing the national anthem, and a welcome address will be given by Milton Worthen, park district vice president. Barry Loman, district president, will serve as master-of-ceremonies, and William Kozak, commissioner, will introduce honored guests.

Approximately 200 youngsters, enrolled in the park district's grade school square dance program, will participate in the dancing session, directed by Mrs. Helen Bjorkman, assisted by Miss Earline Schiller. Louis Kibort and Mike Speers, white batten twirlers are to perform to Hawaiian, Irish and Navy tunes led by Miss Marilyn Champion. The latter group is a newcomer to the annual show.

Directed by Pete Robinson, Karen Johnston and Bruce Thompson, beginner, intermediate and advanced students will present an exhibition of gymnastics and tumbling on a mini-trampoline, side horse and vaulting box.

Competition between third and fourth grade and fifth and sixth grade boys will be spotlighted in two basketball games, supervised by Leon Chappell, park district athletic director, and simultaneous wrestling matches by seven, eight and nine-year old boys will display techniques in a program arranged by Tom Kubish.

Pre-school age children, who attend classes at the community center, will sing and act two songs, followed with several tunes on home-made instruments. The group will perform under the supervision of Mrs. Carol Chappell, Mrs. Ruby Mayberry and Miss Carol Graham.

Lantern Ignites Gas, GC Man Suffers Burns

Robert Orendor, 38, of 2709 Myrtle avenue, suffered burns to both legs about 1 a.m. Saturday when gasoline ignited as he was pouring it into the tank of his auto from a can while illuminating the area with a gasoline camping lantern.

Orendor, a salesman, was given emergency treatment at St. Elizabeth Hospital. His trousers caught fire and even his soles were burned as the gasoline fumes were ignited by the lantern.

His wife said the family car was parked in front of the home and was out of gas. Because of the severe weather, Orendor had decided to put it in the garage. Firemen from the Nameoki road station were called to the scene, but the blaze was extinguished before they arrived.

Street Cinder Crews Called Out Saturday

Street department crews were called out early Saturday morning to combat wet snow that was freezing on the streets. State highway department workers also were on the job in the area to spread cinders and salt.

Temperatures dropped into the teens and low 20s, causing hazardous conditions that the crews endeavored to eliminate by spreading the cinder-salt combination at intersections and on inclines and viaducts.

Venice crews started at 2 a.m. and Madison workers at 4:30 and Granite City crews about 6:30. Venice street workers had to rework the Broadway viaduct several times as snow fell harder in the afternoon and at the time of rush-hour traffic.

Two Cars Damaged

Cars driven by Charles E. Tucker of 313 Garner street, Venice, and Danny Marlowe of Collinsville were damaged at 5:15 p.m. Thursday on Broadway at the railroad tracks in Venice. Police reported both cars were headed east on Broadway when Marlowe stopped at the tracks and was struck from the rear by Tucker's car.

Miss Carolyn Sue McRaven Is Bride of John V. Roscich

Miss Carolyn Sue McRaven, a daughter of Mr. and Mrs. Thomas McRaven, 2881 Iowa street, and John V. Roscich, whose parents are Mr. and Mrs. John Roscich of Oak Lawn, Ill., were married Saturday afternoon in St. Louis de Montfort Catholic Church in Oak Lawn.

The ceremony took place at 2 o'clock in the afternoon with the Rev. William Knittel officiating. The bride wore a gown of white organza over tulle. A scalloped panel of Alencon lace was applied at the neckline and on the bodice and elbow-length sleeves. A train was attached at the waist by bows applied with a touch of the lace and a headpiece of mother-of-pearl sequin flowers held in place a veil of illusion. The bride carried white Amazon lilies and stephanotis.

Miss Sandra Johnson, maid of honor, two bridesmaids, Miss Sally Stieb and Miss Carol Griffin, all sorority sisters of the bride, and a junior bridesmaid, Mary Therese Bratic, the bridegroom's cousin, were dressed alike in aquamarine crepe. Floor-length, they had scoop necklines, elbow-length sleeves, controlled skirts and satin bows at the neckline in back from which fell simulated trains. Double bows and petal veils of matching tulle formed the headpieces.

All of the attendants carried white pom pom balls suspended by white satin ribbon. Anthony Roscich was best man for his brother; and Michael Roscich, another brother, was junior groomsmen. Other groomsmen and ushers included Gary Towler and John Matthews, fraternity brothers of the bridegroom.

The former Miss McRaven will graduate this summer from Eastern Illinois University. She is a member of Delta Zeta social sorority. She will be student teaching in Robinson, Ill., where her husband, an alumnus of EIU, is now teaching. His fraternity was Tau Kappa Epsilon. They will live in Robinson.

Calling All Home Makers
By AARON FREDMAN
THE FOCAL POINT

Your living room should be built around a "focal point," as the decorators like to call it.

To plan language, this means a sofa or a large chair, or a group of furniture, or some "center of interest," but there should not be more than one focal point.

Your focal point may be an eye-catching mural on a wall and the colors of the mural could be picked up and used throughout the remainder of the room.

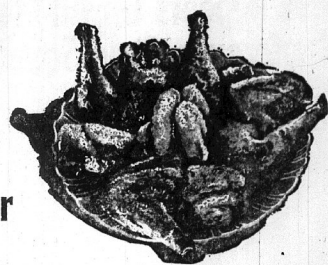

Or, it could be an entire wall grouping of pictures or paintings but two large walls of pictures would be pointless.

A focal point could be an unusual cocktail table, a sofa and chair grouping, a brightly colored large plant, (real or artificial) or a gold carved framed mirror to name just a few.

[The important thing to remember is that the focal point must be sufficiently outstanding and attractive to use as the center of interest.]

If you'd like some ideas for your living room come in and talk it over with us. There is no charge.

So, remember, when shopping, our decorating and sales staff here at Friedman Bros. Furniture Co., Niedringhaus and Delmar Ave., in Granite City, is always ready to serve you. We are open Monday, Thursday and Friday night until 8:30 p.m., other nights until 5:30 p.m.

YMCA Physical Committee to Meet

The Physical Education Committee of the YMCA will hold a meeting at the "Y" tonight at 7:30 in the club room.

Slated on the agenda are a review of all spring programs and approval of plans for special events. The committee coordinates all physical education programs for the YMCA.

A trio of high-scoring basketballers highlight the third annual All-Midwestern Conference cage team selected for the Press-Record by the coaches.

Named to the first five were Dale Turner of Madison, Craig Manwaring of Highland, Mark Catlett and Ken Hillyard of Cahokia, and Dennis Cook of Dupo.

Turner, Manwaring and Cook were unanimous selections. Coaches were not permitted to vote for their own players. Five points were awarded a first team selection and three points for a second team selection.

Coaches participating in the voting were Earl Lee of Cahokia, Cliff Talley of Highland, Earl McClanahan of Madison, Clayton Behalto and Herman Edwards of Landon of Dupo, Jim Carey of Roxana.

Turner, Manwaring and Catlett are repeats from last year's first team and Hillyard was an honorable mention.

Named to the second team were Dale Rhine of Dupo, Paul Lusk of Madison, Ed Harvey of Roxana, and Tom Campbell and Dean Burk of Highland.

The current area scoring leader, Turner, has chalked up an average of 24.3 points a contest this year for the Madison Trojans. The six-foot senior also has averaged 12 rebounds and eight assists per contest.

Competing for All-State honors, Turner often has brought basketball fans to their feet with his pinpoint passing and quick one-handed jump shots.

It's not unusual for him to out-jump or block the shot of an opposing player who stands 6'4" or 6'6".

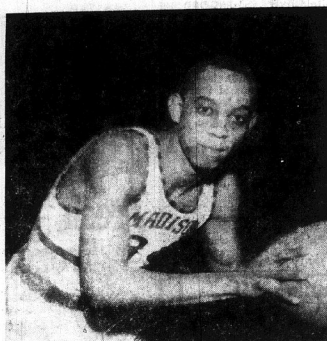

The Lone Junior Manwaring, a 6'6" junior, made the team as a sophomore last year, and repeats on the 1966 edition.

Selected as an end on the Press-Record All-Midwestern Conference football team last fall, he currently holds the second spot among the area's top ten scorers, with a 21.8 mark.

The tallest man on the Bulldogs' squad, Manwaring has been effective on the boards and equally so in shooting from the outside.

In the rebounding department, he has averaged 13 per contest this season.

Sectional Cage Pairings Made

One-hundred and twenty-eight schools survived statewide sectional basketball competition last week and have advanced to 16 sectional centers throughout the state.

At the East St. Louis sectional, Gillespie meets Highland Wednesday night and Collinsville meets Belleville Thursday night, with the two winners meeting on Friday night.

In the Carbondale sectional, Centralia meets host school Carbondale Wednesday and Meridian faces DuQuoin Thursday night.

The winner of the East St. Louis sectional will meet the March 15 super-sectional game at East St. Louis. Charleston, Clay City, Lawrenceville and Arcola are in the Paris sectional.

The state semi-finals are slated for Saturday, March 19, at 12:15 p.m. with the finals held that evening at seven o'clock at the University of Illinois Assembly Hall. State play will begin Friday, March 18, at Champaign.

Collinsville Edges Madison in Last Four Seconds for Regional Crown

Arnold Hits Jump Shot To Give Kahoks 64-62 Victory At Wood River

A Dennis Arnold jump shot with just four seconds remaining on the clock gave the Collinsville Kahoks a 64-62 victory over Madison Friday night and the Wood River Regional trophy.

The Kahoks will play Southwestern conference rival Belleville in sectional play at East St. Louis on Thursday night. The Maroons won the Althoff Regional crown, with a 72-58 decision over Cahokia.

Down by nine points at the start of the last period, the Trojans made a brilliant comeback, outscoring, outbounding and outjumping Collinsville in the final period.

Sophomore Gary Lusk connected on one of his left-handed jump shots to close the gap at 60-58, with 1:34 left. Neil Podoba stole the ball from Collinsville's Keith Zeisel and missed a fast-break layup, but Dale Turner tipped the rebound in to tie the score at 60-60, with 1:14 remaining in the contest.

What might be considered as the turning point in the ball game, occurred when an official called a technical foul on Turner immediately after his game-tying basket. Collinsville's Zeisel missed the technical shot, and the Kahoks took the ball out of bounds at halfcourt.

The technical occurred just when the Madison full-court press was taking its toll on the Kahoks, and when the Trojans were playing superior ball.

Kahoks Stall Game

Collinsville stalled the game for 32 seconds before Ron Burton scored on a jump shot with 38 seconds remaining, to make the score Collinsville 62, Madison 60.

Turner tried to drive for a close-in jump shot, and was fouled by Burton with 21 seconds left in the contest. Madison coach Earl McClanahan called a time-out and both teams talked over plans.

Turner made both shots, and the score was deadlocked at 62-62. Burton and Arnold were both under the Collinsville basket, and the Kahoks tossed the ball to Arnold, who avoided a jump shot with four seconds left.

The Trojans took the ball out, and a full-court desperation shot by Paul Lusk failed as the gun went off.

Collinsville's sophomore scoring sensation Tom Parker missed more than half of the contest after fouling out with 2:21 left in the second quarter.

Take Quick 18-18 Lead

Madison jumped to a quick 18-15 lead at the end of the first period, but hit a cold spell and committed 10 turnovers in the second quarter as Collinsville led 36-31 at intermission. In the third period, the Trojans missed nine of 13 shots and fell behind to the Kahoks by nine points as the period ended.

The smaller Madison quintet outbounded the Kahoks, 34-23 in the game, and committed 16 turnovers to Collinsville's 10.

Four players hit scoring marks of 20 points or more in the contest, and Paul Lusk led them all with 26 points. The 6'2" senior rebounding artist collected 19 rebounds in the game.

Turner was all over, half of the 320 spectators were grumbling. By virtue of the win, Collinsville will get a third chance to beat Belleville's Maroons in sectional play. In two earlier conference meetings this season, Belleville beat Collinsville, Madison eliminated from all tournament play, finished the

Ref's Call Rouses Ire Of Trojans

A group of Madison basketball players sought out the two officials after the Trojans lost to Collinsville 64-62 at Wood River Friday night.

Wood River police said the players attempted to enter the dressing room of Laverne Anderson of O'Fallon and Ernest Reynolds of Carterville while the two were dressing after the contest.

The players were protesting the officiating performance of Anderson, Ray Floyd, Wood River athletic director, intervened to stop possible trouble.

After Floyd intervened, a Madison basketball player asked him, "You saw the game—did you think he did a fair job?"

Sgt. John Parker of the Wood River police told the Press-Record that a member of the Wood River faculty called police because some of the Madison players reportedly were "trying to get the referees." He said the players returned to the dressing room peacefully and no physical contact was made.

The incident occurred over a technical foul called on Madison's Dale Turner by Anderson. The official said, "Turner grabbed and jerked my arm, and I thought it was unsportsmanlike conduct."

Madison coach Earl McClanahan said Turner was trying to get the official's attention after Neil Podoba became entangled in a pair of extra chairs at the end of the court, after a fast-break layup attempt.

Anderson awarded the ball to Collinsville without waiting for Madison to get its full team back on the floor and he commented after the game, "I did not see him (Podoba)."

Police alleged that players shouted insulting remarks to an official after the game.

years-old," commented Collinsville coach Vergil Fletcher after the game.

"I think our press was rougher than their's, and another big thing was that they let us get inside and we cut them off there," he added.

The Kahok mentor who is trying to defend his state championship, added that he thought Madison was one of the best teams he has faced all year.

Madison coach Earl McClanahan reserved comment on the game until a later date.

Both Collinsville and Madison fans, and even those from other schools, jeered the officials at times during the game, and when it was all over, half of the 320 spectators were grumbling.

By virtue of the win, Collinsville will get a third chance to beat Belleville's Maroons in sectional play. In two earlier conference meetings this season, Belleville beat Collinsville, Madison eliminated from all tournament play, finished the

Don Gets Standing Ovation From 15,000 on His Day

MOTHERLY PRIDE is shown by Mrs. Raleigh Freeman as her son Don, talks with her during a reception following the Illinois-Iowa game at Champaign on "Don Freeman Day" Saturday. Four hundred people attended a coffee hour for the former Madison prep basketball star.

While the snow was building up outside the Assembly Hall at Champaign Saturday, a near capacity crowd of 15,000 inside watched as Don Freeman, captain of the Illinois basketball team, was honored by citizens of Madison in a statewide "Don Freeman Day" ceremony.

Gov. Kerner's Proclamation

WHEREAS March 5, 1966 has been selected by a group of interested Madison citizens to honor Don Freeman, native son, former Madison high school basketball star and captain of the University of Illinois basketball team, and

WHEREAS Don Freeman is a great athlete (a team player) in the highest sense of the term, and a proven champion in the highly competitive game of basketball, and

WHEREAS Don Freeman's conduct has reflected great credit on the state of Illinois, Madison high school, his friends and teammates and is deserving of the highest accolade,

NOW, THEREFORE, I, Otto Kerner, governor of the state of Illinois, do hereby request that a t Saturday, March 5, 1966, be set aside to do honor to Don Freeman, and I proclaim that this day shall be known as D.O.N. FREEMAN DAY throughout Illinois with appropriate observance of the occasion in a manner fitting and proper.

OTTO KERNER, Governor.

Ross Randolph, director of the state Department of Public Safety, read a proclamation from Gov. Otto Kerner, designating March 5, as state-wide "Don Freeman Day" during halftime ceremonies of the Illinois-Iowa game.

Freeman was presented with plaque by his former high school coach, Earl McClanahan, as members of the citizens' committee for the celebration stood on the floor of Assembly Hall.

"Greatest Day" Overwhelmed and with a tear in his eye, Freeman stepped up to the microphone and thanked his friends in both Madison and Champaign who contributed to "make this the greatest day in my life."

The former all-state high school center, now an All-American at Harvard, Mention winner, capped the day by pouring in 32 points in an Illinois 106-80 victory over Iowa in the fourth quarter. Freeman had the ball under the basket, and passed the ball to Earl McClanahan, who yelled and shouted for him to shoot.

He ended the game just three points shy of another high school record, as he scored in 11 of 14 foul shots in a Big Ten season. Freeman had 359 this year with a game against Northwestern being played tonight. The record is held by John "Red" Kerr at 382 in 1954. He already holds two major all-time University of Illinois scoring records.

PROCLAMATION BY GOVERNOR Otto Kerner is read by Ross Randolph, director of the state department of public safety, at halftime of the Illinois-Iowa game as Don Freeman casts a modest look downward Saturday afternoon. Two members of the citizens' committee responsible for the "Don Freeman Day" ceremonies are Emil Toffant (left background) and John Bellico (right background).

Replaced by Gravelle

With one minute left to play, Illinois coach Harry Combes replaced Don with Mike Gravelle, a former Madison player and co-captain with Freeman during his senior year in high school. As Gravelle stepped onto the floor, he shook Freeman's hand and said, "To an All-American player from an All-American bench warmer, congratulations."

A big night against Northwestern can give Don two more Illinois scoring records — that of most points in a Big Ten season and most points in a Big Ten career. He needs 34 points to eclipse Kerr's mark of 880 set in the 1952-53-54 campaigns.

Braun, the Illinois team and members of the 1965-66 Madison high team to honor Freeman.

Kept busy signing autographs during most of the reception time. Don also found time to talk with his mother, Mrs. Raleigh Freeman. During the game and the halftime ceremony, Mrs. Freeman was an excited and proud mother as her son received acclaim for his athletic efforts.

The world's first go-cart was made by California racing mechanic Art Ingels in 1956, and used a two-cycle lawn mower motor.

Sackett to Speak

A review of the Granite City Warriors' 1965-66 basketball season and prospects for next year will be the topic of Ralph Sackett, GCHS head cage coach, who will address the Boosters of the fighting Warriors, at 8 o'clock tonight in the YMCA.

MORE ABOUT Collinsville

season with a 26-7 season slate.

Alton Falls 86-70

Sophomore Lusk sparked first and last period rallies that brought the house down on Alton's Redbirds 86-70 in semi-final action Thursday night.

The little Lusk hit on five straight field goals to help put the Trojans ahead 21-17 at the end of the first period. The game's pace slowed a bit during the second quarter, but the Madison quiet continued to score and held a 49-28 margin at intermission.

After being held to only one basket in three attempts during the first period, Dale Turner cut loose and poured in 15 points—seven baskets and one free throw—in the second quarter to lead the Trojans. Paul Lusk, Gary's older brother, gathered in five key rebounds and added seven points during the second period.

Madison hit a cold third period, managing to score 14 points while Alton was netting 19 points for a 59-47 score. Paul Lusk paced Madison with eight points and seven rebounds as he became the Trojan workhorse in the third period. Alton's Rodney Spomer poured in nine points to lead the Redbirds.

The younger Lusk in the final period hit on three jump shots and a charity shot. Reserve Gary Collins gave a bit of brightness to the Trojan bench with three baskets out of four shots, and six rebounds.

With 18 seconds remaining on the clock, Alton's Bernie Pitts fouled Madison's Don Nowicki, and officials called it an intentional foul. Nowicki was not allowed to attempt the pair of free throws due to a severely cut mouth; Steve Geroff made the first and missed the second shot. Geroff recently rejoined the Madison team after suffering a badly sprained ankle in the Cahokia game.

The Trojans placed three players in the 20-point category. Turner finished the contest with 26 points, Paul Lusk had 21, and Gary Lusk 20. Top scorers for the Redbirds were Spomer with 21 and Pitts with 16 points.

Paul Lusk made eight of 10 shots. The Trojans finished the evening with a shooting average of 54%, while Alton shot a mere 38%. Paul Lusk led both teams in rebounding with 18, and the Trojans outrebounded the taller Redbirds 45-38.

The loss closed out the season for Alton with a 10-14 mark.

Mrs. George E. Police of GC to Vote On Permanent Shifts

Granite City's police patrolmen are to meet at 7:30 this evening to decide if permanent shifts are to be established. Assistant Chief Floyd Jeff, who is in charge of work schedules, said a two-thirds vote will be needed to carry the proposal.

At present the patrolmen change shifts every four weeks. The shifts are 5 a.m. to 1 p.m., 1 to 9 p.m. and 9 p.m. to 5 a.m. Officers, desk men and members of the canine patrol are not involved in the voting.

Chief Jeff said the permanent shift change was requested by the patrolmen, and he pointed out it does have advantages in that the crews would become more familiar with characteristics of the area at all times, and also their assigned areas and also run away after the incident.

Deadline on Thursday To Report Tips to IRS

Employees in Illinois have an important tax deadline on Thursday, March 10.

This is the last date for all employees who received cash tips of \$20 or more last month to report them to employers for tax withholding purposes. District Director of Internal Revenue Jay G. Philpott, said today, IRS Form 4070 may be used for this purpose.

New laws passed in 1965 require all employees receiving \$20 or more in cash tips a month to report them to their employers by the 10th day of the following month. This tip income now counts toward Social Security and Railroad Retirement benefits.

Philpott said that the Revenue Service has available upon request a pocket-sized booklet to help those taxpayers required by law to report income from tips to their employers every month.

The booklet explains the law's requirements, provides space to record each day's tips for 12 months, and has over a year's supply of the Forms 4070 needed to make monthly reports of tip income to employers.

The booklet on tips is Document 5635, "Employee's Daily Record of Tips and Report of Tips to Employer." Employers, unions and other organizations may obtain bulk quantities of the booklet for distribution by writing Blank Forms, P. O. Box 1468, Springfield, Illinois 62705.

Captain Causey Still Missing; Search Ends

Further search by sea and air for survivors of a military plane that crashed in Tonkin Bay in Vietnam ten days ago has been suspended, at least temporarily, according to word received by Mr. and Mrs. Van Causey, 2824 Willow avenue, parent of Capt. John B. Causey, navigator aboard the plane.

Capt. Causey's sister, Mrs. Brenda Withers, told the Press-Record today that Scott Air Force Base authorities have notified her parents that two men were alive when picked up by rescuers Saturday, but that there has been no trace of her brother. The sea and air search has been under way since the plane crashed Feb. 28.

The two men rescued were taken to a hospital in the Philippine Islands. Officials informed the family, Mrs. Withers said, that there will be no further progress reports on the search and that no further searching is contemplated until officers can interrogate the two rescued men.

Capt. Causey entered service in 1960, did a tour of duty in Vietnam in 1965, returning here last September for leave. He was married in California while on leave and was reassigned to Vietnam a little more than a month ago.

MORE ABOUT Big Eagle

Loman said he has been approached by dozens of persons since the razing started — each one commenting on the project.

Some Happy, Some Sad
"They're expressing mixed emotions. Many are happy over the prospect of a park in the business district, but some are sad over the loss of the building."

"One little old lady told me she had visited the post office nearly every day from the time it opened until the time it was abandoned and said she hated to see it go," Loman noted.

Sidewalk superintendents were on hand in droves last Wednesday and Thursday, but Friday's biting wind held the number down. All are expressing amazement at the sturdiness of the old building. "I thought it might just crumble away, but it's sure putting up a real battle to survive," one sidewalk sooper was overheard to say.

The razing has caused one big worry in the business district and among owners of property in the vicinity of the old building.

The problem—"Where are the pigeons going?"

Businessmen grin as they speculate but then admit they're concerned. Several downtown buildings have stone walls mounted on top as a pigeon "scatter offer."

Casual comments are that the pigeons will head for the city hall, the public library, Niedringhaus Church, the YMCA and even the old Nesco plant building.

Many of the birds are still roosting on what remains of the roof or cuddling near the stone Eagle.

Eagle Is Scorching
Their selection of the roost at the Eagle has recalled an incident of about seven years ago when the Eagle was scorched and blackened by a fire.

It was a late afternoon when the fire department was summoned to the post office building, and it was believed the structure was ablaze at the roof line in front.

Firemen quickly found the fire and doused it.

The flames were behind the Eagle, where birds had built a straw and paper nest and one apparently had tried to pad it with a lighted cigarette.

While the fate of the Eagle hangs in balance and most of the relics of the old post office will be up as landfill, the memory of the building will remain within the files of the new post office building at 24th street and Madison avenue.

Pulled out of the files Friday were the official Post Office Department photographs of the 1911 construction of the old building. Several even pre-date the construction, and the set of pictures was loaned to the Press-Record. Some appear in today's issue.

They were found by A. L. "Pete" Metcalf, assistant postmaster, who is retired.

"Strange," it was once a park, and now it's going to be a park again."

Council Decision

support of the council is needed and that establishment of construction priorities is of utmost importance.

"If no decision is reached in advance of tonight's council meeting, the committee will make no recommendation," he said.

"If the construction priorities can be set up quickly enough, the city could possibly qualify for federal funds for more than one project this year, and that would amount to several millions of dollars," Moerlen told the Press-Record.

Tonight's council session was called by Mayor Partney in order to present the program to the council so that a priority resolution can be presented for approval at tonight's regular council meeting.

Quick Action Sought Partney told the Press-Record that if the project priorities can be set tonight, the application for federal funds, by an Chicago by Wednesday.

"We need to do this quickly since the city has in its possession a master sewer plan and can get a jump on other municipalities," the mayor added.

Moerlen said his committee is waiting for a report from the Personnel and Street committees on the hiring of a consulting engineer for the city before recommending a project engineer.

A report by the two committees was to have been submitted to the council this evening, but it was learned the members plan further interviews with prospective firms tomorrow night.

The \$14,000,000 sewer program was designed by the engineering firm of Sheppard, Morgan & Schwaab with Edward Jeneau as resident engineer.

CLEAR VIEW TYPE PARK at the downtown post office site just prior to the start of construction of the building now being razed. This picture, an official Postal Department construction progress photograph, was taken March 3, 1911, from 20th street looking southwest. The buggies are on Delmar avenue and the large three story building (right) now is Fredman

Bros. Furniture store. Also shown are the buildings, now occupied by Graham's book store, Kahle Hardware store, Gantcheff Drug store and Franklin-Union Furniture. On the left is a two-story structure now occupied by Frank's Card shop and Judge Fred P. Schuman's offices. Then it was Newman's store.

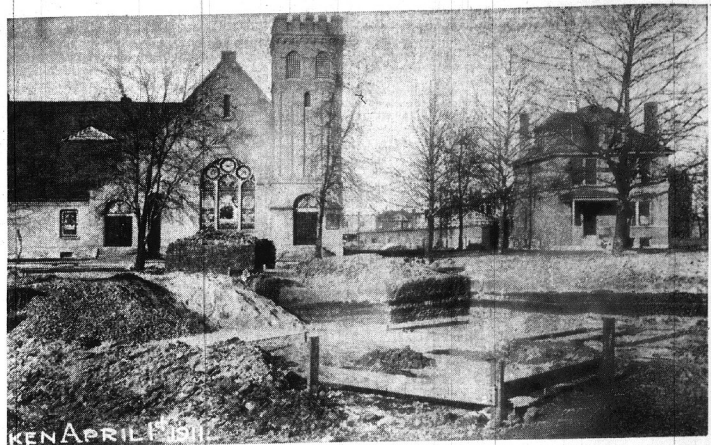

FOUNDATION WORK was delayed for this picture taken May 3, 1911, as workmen stop to pose. However, the man wearing a derby and standing at the wheelbarrow seemed to have been more interested in watching his cohorts than the photographer. The

view is looking west from 20th and Edison avenue, and the building on the left housed the Ortger Drug store with offices for Dr. Gwynn and Dr. Hamm, the dentist, upstairs.

THE FEDERAL EAGLE was in place on Oct. 2, 1911, when this picture was taken. In the foreground are the construction wagons and materials. Visible are steel beams erected prior to the pouring of the

thick concrete ceiling that is causing difficulties for today's demolition crews. An effort is being made to keep the eagle intact for use as a historical monument in the new park being planned for the site.

NIEDRINGHAUS METHODIST CHURCH and the parsonage (now an educational unit) along 20th street in the background of this picture showing the

post office building excavation on April 1, 1911. There is a vacant lot at 20th and Edison avenue where the YMCA now stands.

Gets in Argument over Watch Sale, Arrested

Lemon Smith, 24, of 810 Washington street, Madison, was arrested by Madison police on charges of disorderly conduct and resisting arrest early Friday morning as the result of an argument over the sale of a wrist watch. Smith was ordered by a Madison police officer, in plain clothes at the time, to go home.

Instead, Smith went to the Madison police headquarters and complained about the officer, whom he claimed, had mistreated him. Smith was told at police headquarters to go home, but he returned to the tavern where the argument had started. The officer was still there and arrested Smith, who resisted, according to the police report. He was freed on a notice to appear for hearing at a later date.

Coolidge Jr. HS Band Concert on March 14

The annual spring concert by the 128-member Coolidge junior high school band will be early this year and will be held next Monday evening. It was announced by R. D. Todoroff, director.

"It's usually held in May, but because of the heavy schedule for the senior high school gymnasium, the concert had to be set for next week," Todoroff explained.

The hour-long schedule is open to the public without charge and will be held in the senior high school auditorium next Monday, starting at 8 p.m.

SWIMAPC Asks Small Yearly Aid from Area Taxing Bodies

Yearly contributions totaling \$20,000 will be sought from the 170 taxing bodies in Madison, St. Clair and Monroe counties to meet administrative costs of planning by the Southwestern Illinois Metropolitan Area Planning Commission.

Announcement of the plan was made Thursday night at a meeting of the SWIMAPC executive committee in Collinsville. Chairman Harry Briggs said the first group of letters will go to township supervisors prior to annual town meetings April 5.

Recommended contributions will vary according to the size of the various agencies but will average between \$100 and \$200, it was estimated.

Theodore H. Mikese, executive director, said the success of the appeal—involving a per capita cost of only 3.8 cents—will depend on "what kind of agency" SWIMAPC will be.

He stressed that while biennial state financial aid of \$75,000 is expected to be maintained or increased, it cannot be used for many important tasks, such as preliminary studies not culminating in specific projects.

Information Source
"A decision must be made as to whether this agency is going to function, as has been done temporarily, as a coordinating agency, as a central source for areawide information, and as a means of technical assistance and project formulation, or whether it is to be a technical agency periodically working on specific projects," Mikese said.

An example cited ways in which the commission can be of help was a proposed newsletter that would, among other things, keep governmental bodies up-to-date on available federal funds.

The small contributions by cities, townships, counties, park districts and other agencies that could lead to substantial returns in the form of financial grants, it was noted.

Can Use General Funds
State law permits taxing bodies to use general revenue to aid SWIMAPC in response to annual requests.

"The state funds which are provided for the activities of SWIMAPC basically serve the purpose of assisting in funding specific areawide projects," Mikese said.

"Such projects carry their own administrative costs. Such costs occur both prior to and during the project."

"The administrative costs necessitated in working with the communities in preparing programs, providing the information to the Illinois Department of Business and Economic Development as required, etc., are not chargeable to the project involved."

"The Department of Business and Economic Development as the state appropriation was to be used primarily as local matching funds for federally-assisted planning programs in the three-county area."

Four Responsibilities
"Legislation creating SWIMAPC assigned it the responsibility to: "A. Prepare and adopt a com-

prehensive plan for the area and to guide and coordinate development."

B. Serve as a research agency for the three-county area.

C. Assist the local units of government with their plans and programs.

D. Establish a public information project.

"To fulfill such a mandate the Commission must perform numerous functions. Many of these functions are general in nature and others are so diversified that they cannot and never will be specific project functions."

35 Programs Discussed
The Commission has been serving extensively in an advisory capacity to local government units on programs they are considering. The Commission should not only continue to provide these services, but should also make a demand for such services to increase."

There are no monies provided for or permitted within the federally-assisted programs of the Commission's administrative costs.

Attitude of Legislature
"The Illinois legislation authorizes governmental units within SWIMAPC to contribute to the Commission as requested."

"Although the legislation does not direct any units to contribute, it does imply anticipation of contribution."

"Furthermore, when SWIMAPC went before the state legislature to request a biennial appropriation, one of the major questions which was posed was, 'What contribution is being made locally?'"

It appeared that the legislature expected that some form of regular local assistance to SWIMAPC should be the rule rather than the exception.

"It also was made clear that the state appropriation was to be used primarily as local matching funds for federally-assisted planning programs in the three-county area."

Data File Being Built
"The Commission has had requests to provide information which has been accumulated during the past two years, but this also takes time and incurs cost to SWIMAPC. As the Commission develops its data file, such requests will increase."

Permits to raze structures
"There are a number of metropolitan organizations that are of vital concern to the three-county area, such as the East-West Gateway Coordinating Council, the Regional Industrial Development Corporation, over-all drainage considerations in the area and outdoor recreation."

"The Commission has, and should continue to act as coordination and liaison agency with these organizations in order for any planning to be effective in the area."

The Commission, the East-West Gateway Coordinating Council and the state highway department have considerable preliminary work to do before federal or local funds can be made available for a transportation study for the area.

When these funds become available, they cannot be used to repay the Commission's costs for personnel or otherwise, which have of necessity been expended not only by the Commission but by many other agencies."

Car Stolen in Madison, Later Damaged by Fire
An auto owned by James Johnson, 1053 Calhoun street, was stolen between 5:50 a.m. and 5:30 p.m. Friday, and later was found burning about 4:30 a.m. Saturday. Johnson told Madison police that he left the car at Third street and Washington avenue when a tire went flat as he was on his way home.

Johnson said he later went to work on the night shift and, after work, went to a tavern. He said a friend, Percy Jones, came in to tell him that his car was burning on Race street behind the Laclede Steel Co. plant. The car was damaged extensively.

National Chain Drive-In to be Erected in GC

Aided by construction of a new drive-in restaurant and a new addition to the Nestle Co. plant, values of new building in Granite City amounted to \$359,164 in February 1965, when 34 permits listed values of \$70,805, or \$114,600 more.

Dog 'N' Sids Drive-In
The permit for the drive-in, "Dog 'N' Sids," was issued to Richard Ervay, 3700 Johnson road, and it is to be located at 2228-28 Pontoon road with a frontage of 150 feet.

Ervay, who formerly operated a Chicken Carry-Out Chicken restaurant on Madison avenue and a meat supply firm in East St. Louis, said he hopes to be in operation by mid-May with the national franchise drive-in.

"We'll have a full menu as well as hot dogs and beer," he said, adding that he will operate the place with a staff of 16 to 18 employees.

Among permits issued late in the month was one for a new Briarcliff Assembly of God Church, 2800 Edwardsville road, at a cost of \$45,000. The 40,000-sq.-foot structure will be of brick veneer and contain 16 rooms and a basement. Rev. Ross Smith, pastor of the Dewey Avenue Pentecostal Church, obtained the permit.

Permits for advertising signs
Permits for advertising signs were issued to Tri-Way Cleaners, 3400 Nameoki road, \$500; Stan's market, 3007 Nameoki road, \$350; All's Pool room, 2800 Edwardsville road, \$200; and Black's bakery, 20th street and Delmar avenue, \$500.

Other building permits
were issued to John Janco sr., 2804 East 24th street, repairs to front steps, \$100; Richard Huchins, 2522 Cleveland blvd., repairs and remodeling from fire damage, \$700; Charles Ousley, 2546 Washington avenue, install aluminum siding, doors and windows, \$1200; John Maynard, 2507 East 24th street, two-room addition, \$714; and C. Z. Ficker, 2607 Cayuga street, raze and rebuild garage, \$300.

Permits to raze structures
were issued to St. Elizabeth dwelling, 21st and Lewis streets for parking purposes, \$300, and to the Granite City park district to raze the old downtown post office at a cost of \$700.

Peace Corps Tests To be Given March 12
Quadr-city area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps placement test at 9 a.m. Saturday, March 12, in Room 414, Federal Building, 750 Missouri avenue, East St. Louis.

The Peace Corps uses the placement test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. (If test scores indicated a limited language-learning ability, for example, the Peace Corps tries to place the applicant in an English-speaking country.) The placement test requires no preparation and is non-competitive—an applicant can neither pass nor fail.

The application form, not the placement test, is the most important factor in the selection of volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D. C. 20535.

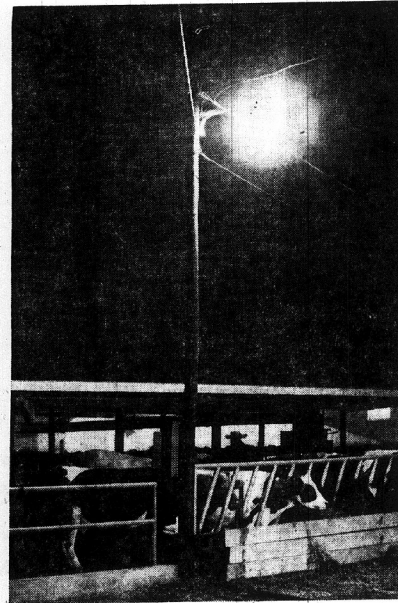

The placement test takes about an hour and a half. An optional achievement test for applicants who have studied French or Spanish requires another hour.

Whether it's lights
for an entire city... or one Nite-Lite on a farm

Lighting an entire city takes electric energy in multi-million watt quantities. Big job. One that Illinois Power is ready for with plenty of reserve generating capacity developed over the years.

Miles from the city lights, a Nite-Lite brings security and peace of mind to a farm family. As far as Illinois Power is concerned, that single light (and the family that depends on it) are as important as the thousands of street lights in a city.

In the 15,000 square miles of territory served by Illinois Power, electricity users range from industrial giants to tiny cottages.

No matter how big or how small their needs for electric energy, each is an important customer to Illinois Power.

And our people work 'round the clock to make sure every customer's supply of electricity is steady and dependable. Better service—that's our business.

VA Warns Veterans Of Dividend Hoax

"A cruel hoax has led several thousands of veterans to write to the Veterans Administration in the hope of getting an insurance dividend that was actually paid 15 years ago," Donald Hallman, area representative said today.

"The hoaxers are spreading the rumor that the VA has asked veterans to write to the agency so that a dividend check might be sent to them."

"We have asked for no such queries and disappointment is facing thousands of veterans whose letters are already flooded into VA offices throughout the nation."

"The VA asks editors of publications and overseers of company bulletin boards to please see that the phony notices do not appear in print or become posted on the boards as these are the main methods through which the false rumor is being spread," Hallman said.
